

IndeeLift®

The People Picker Upper!

Consumer Models

The IndeeLift HFL-300 and HFL-400 models safely lift a fallen person from the floor, eliminating the need for a call to emergency services while transforming a stressful fall into a non-event.

These units are identical except the HFL-300 lifts a person up to 300 lbs. (136kg), and the HFL-400 lifts a person weighing up to 400 lbs. (181kg.). Lifts individuals to a seated position allowing them to stand up or transfer to and/or from a wheelchair, bed, commode, exercise equipment or even the floor.

Can be self-operated or with the assistance of a caregiver.

Restores dignity and independence.

Self Operation

Assisted Operation

HFL-300/400

For Home & Care Centers

In the home, individuals can be lifted from the floor after a fall or when getting back up from exercise, therapy, gardening or playing with a family pet.

In Care Centers (assisted living, senior housing, senior centers, hospice and mobile caregivers), allows caregivers to easily & safely recover fallen residents.

Seated Transfers
