

IndeeLift®

The People Picker Upper!

Consumer Model

The IndeeLift HFL-400-D safely lifts a fallen person from the floor, eliminating the need for a call to emergency services while transforming a stressful fall into a non-event.

It can raise individuals up to 400 lbs. (181 kg) to a seated height (21" from floor) allowing the user to stand up or transfer to/from a wheelchair, bed, commode, exercise equipment and the floor.

Can be self-operated or with the assistance of a caregiver.

Restores dignity and independence.

Self Operation

Assisted Operation

HFL-400-D

For Home & Care Centers

In the home, individuals can be lifted from the floor after a fall or when getting back up from exercise, therapy, gardening or playing with a family pet.

In Care Centers (assisted living, senior housing, senior centers, hospice and mobile caregivers), allows caregivers to easily & safely recover fallen residents.

Seated Transfers
